

STARFLEET SPECIAL OPERATIONS TRAINING MANUAL

HEADQUARTERS

STARFLEET SPECIAL
OPERATIONS

1 July 2015

UNCLASSIFIED

The Starfleet Special Operations Training Manual is for use by all SFSO members, units and chapters.

Any STARFLEET chapters and regions desiring to use any or all aspects of this manual may do so AFTER obtaining written permission from the SFI Special Operations Director. Any unauthorized reproduction of this manual is prohibited by United States copyright laws.

"STAR TREK" is the property of Paramount Pictures Inc. and Viacom, and no infringement of their copyright is intended. ALL RIGHTS RESERVED

STARFLEET is a non-profit entities.

Last Revision: 1 July 2015

STARFLEET Special Operations Training Manual

By Order of the Director of
STARFLEET Special Operations:

TJ Allen
Fleet Captain
Director, SFSO

TJ Allen

History. This manual was first published on 1 December 2014 and a complete revision on 1 July 2015. Future updates will be administrative revisions. The portions affected by an administrative revision will be listed in the summary of change that will be the page prior to this page.

Summary. This regulation provides STARFLEET Special Operations policy, criteria, and administrative instructions concerning individual training requirements.

Applicability. This manual applies to all units and operatives assigned to the STARFLEET Special Operations, unless otherwise stated.

Proponent and exception authority. The proponent of this manual is the Director, STARFLEET Special Operations. The proponent has the authority to approve exceptions or waivers to this manual that are consistent with controlling law and regulations. The proponent may delegate this approval authority, in writing, to a Deputy Director within the proponent agency or its direct reporting unit or field operating agency. Units may request a waiver to this manual by providing justification that includes a full analysis of the expected benefits and must include formal review by the unit's commanding officer. All waiver requests will be endorsed by the commander or senior leader of the

requesting unit and forwarded through their reporting headquarters to the policy proponent.

Suggested improvements. Users are invited to send comments and suggested improvements to the Director, SFSO at director@sfsf.org

Distribution. This publication is available in electronic media only and is intended for units and operatives assigned to the STARFLEET Special Operations.

Note: This manual has been optimized for duplex printing.

Preface

Notes on “Officer” Courses

Some of the requirements for certain grades mentioned requirements for OTS, OCC and FOS.

Please note this is not to say that our NCO’s cannot advance to these grades or along these tracks. The intention in including them herein is:

- These courses offer some of the best ways to familiarize oneself with the works of STARFLEET International.
- Having taken these courses if for some reason you need to help out and run your respective chapters, it will be known that STARFLEET Special Operations (SFSO) Operatives whether Officer, NCO or Enlisted are among the finest in the fleet. And that we are all able to take upon the mantles of command in a crisis.

Grandfather Clause

Tactical Operations Command

Any promotions which have been given prior to the adoption of this manual are still in effect with the past requirements to hold said position. By adoption of this manual what changes will be the requirements to move forward.

All members who have thusly been grandfathered will only need to meet the requirements for the next grade/level in which they seek promotion and not the requirements for the previous grades/levels

Intelligence Operations Command

As Reconnaissance has been moved since this last publication as well as the requirements for how to achieve the next highest grade; so shall the requirements to advance change.

All Grades/Levels which have been in place previously remain; but due to the changed nature of the Intelligence Track in order to advance to the next grade an operative must not only meet the requirements on the higher end they must also meet the previous grade/grades requirements.

MACO Operations Command

As MACO has been added and then moved into its own command since this last publication as well as the requirements for how to achieve the next highest grade; so shall the requirements to advance change.

All Grades/Levels which have been in place previously remain; but due to the changed nature of the MACO Track in order to advance to the next grade an operative must not only meet the requirements on the higher end they must also meet the previous grade/grades requirements.

Purpose

STARFLEET Special Operations is a unique organization. It is a “purple suit” organization comprising all Fleet (SEALS, Rangers, Reconnaissance, MACO and Intelligence) Operatives alongside SFMC Special Operations units coming together to accomplish missions that require a special breed of person.

This is not a group that just any person can be a part of.

Because of this, there is no place for an **untrained** member. Being Special Forces is about training. All elite organizations have one thing in common, they are **all** highly trained, highly motivated and have a **no failure** mindset.

The adage of “*the more you sweat in training, the less you bleed in war*” applies to those Special Operations members who are called upon to do the impossible with small groups. As with all special operations units it calls for the training that allows them to believe “*the hard is common place and the impossible takes a bit longer.*” Training is something common to all special operations units and the more intense, the more likely the mission will be accomplished.

The training program is designed to:

1. To Train the operative to a high level of proficiency needed for Special Operations.
2. To Encourage the Operatives to continue to rain, upgrade and maintain their high standard of proficiency.
3. To have a progressive path for Specialists and Operative grades.
4. To provide specialties, both Basic and Advanced, for Operatives to better serve and contribute to the overall mission success of their respective Chapters, SOU’s and Regions and Brigades; STARFLEET Special Operations, STARFLEET International and ultimately the United Federation of Planets
5. To most importantly have FUN!

Plan

- To Develop an Advancement Training Plan
- To Develop a training program which will include:
 - 1) Multiple commands
 - a. **Tactical Operations Command** (*formerly Military Command*)
 - b. **Intelligence Operations Command** (*formerly Intelligence Command*)
 - c. **MACO Operations Command**

2) Specialty

- a. In each of these commands are different types of specialties (both Basic and Advanced). Specialists are experts in their occupation or branch of study and/or research. They all STARFLEET Special Operations to possess a higher standard of expertise on almost any matter and bring it into play. Grade 1 operatives must demonstrate they are truly interested in this career path and the default specialty is Operative.
- b. At Grade 2 Operatives have chosen their path between Tactical and Intelligence Commands. At this point they have begun the studies into making them the basic level person all crews rely upon. Once the operative have chosen their respective command they may become specialists in one of the many sections. STARFLEET Special Operations personnel are generally considered to be under the Security division on many Starships and Starbases and are assigned to security details. Cross training in other security is highly recommended, because of the wide range of missions the operative may be called upon to conduct. The areas that an operative often finds themselves cross-trained in are Engineering, Operations, Medical and Sciences; and is actually actively encouraged.

3) Levels of Proficiency for continual training

- a. All operatives require a basic knowledge of some subjects before continuing of any training. All grades are progressive and you must advance through each grade level available before being promoted to the next highest grade. All course requirements are from specific colleges found with in STARFLEET Academy (<http://acad.sfi.org>).
- b. At this point the training department would like to acknowledge the hard work and dedication of the staff and students of the SFA for all the courses offered by their respective colleges.

Route of Advancement

The Route of Advancement Training Plan is a program for advancement of STARFLEET Special Operations Operatives within STARFLEET Special Operations. Being EXCLUSIVE to STARFLEET Special Operations is it totally independent of any other promotion or advancement structure in place within STARFLEET International or any of its lesser bodies.

STARFLEET Special Operations is a Fleet-level asset for the support of STARFLEET International. There is no such thing as a reserve operative, the person who chooses STARFLEET Special Operations must be prepared and committed to the intense training and strict requirements of that status. The requirements for a Grade 1 are the basics for any training. The difference between Tactical, Intelligence and MACO Commands will be defined as training continues.

Commands

In SFSO Specialties are divided into the following Commands:

- 1) Tactical Command Operations
 - a. STARFLEET Rangers
 - b. STARFLEET SEALs

- 2) Intelligence Command Operations
 - a. STARFLEET Intelligence
 - b. STARFLEET Reconnaissance

- 3) MACO Command Operations
 - a. STARFLEET MACOs

Tactical Operations Command

Formerly Military Command (MC)

Is in charge of all tactical specific missions where their training in intelligence gathering and espionage activities including the need of snipers, counter insurgency covert field intelligence and tactical field operations in conjunctions with other tactical organizations. The SEALs, Rangers fall under this heading.

STARFLEET Rangers

STARFLEET SEALs

Intelligence Operations Command

Formerly Intelligence Command (IC)

Is in charge of all other non-military intelligence gathering, research & development and Technology & Sciences of Starfleet Special Operations. For example James Bond, Maxwell Smart and/or Section 31 would be prime examples of this command type.

STARFLEET Intelligence

(Picture James Bond, Ethan Hunt, etc...)

STARFLEET Reconnaissance

MACO Operations Command

Is in charge of all MACO specific missions and training including but not limited to intelligence gathering, strategic strikes, hostage rescues, boarding parties, and other covert operations as required.

STARFLEET MACOs

Specialists

In each of these commands, there are different types of Specialties. Specialists are experts in their occupation or branch of study or research. They allow SFSO to possess a higher standard of expertise on almost any matter and bring it into play. Grade 1 operatives must demonstrate they are truly interested in the carrier path and the default specialty is Operative.

Grades

Overview

Grades are how we differentiate our newer and less trained operatives from our more senior and more highly trained operatives.

Grade 1 represent the Basic Training that all operatives in STARFLEET Special Operations (SFSO) receive. Grade 1 is general to all operatives of SFSO and must be completed before becoming a Grade 2 operative and choosing a specific training program that is specific to each command (Tactical Operations vs Intelligence Operations vs MACO).

Grade 2 is branch specific depending on the path the operative wishes to travel (Rangers, SEALs, Reconnaissance, Intelligence and MACO). It is this grade in which an operative decides which Command specialty they will become.

Grades 3 through 7 continues with advance training for those operatives desiring to serve in leadership positions that are specific to a branch of service (Rangers, SEALs, MACO) unit/team (SOU leadership).

Grades 8 through 9 represent the Core of the STARFLEET Special Operations leadership. Grade 8s are Assistant Branch Commanders; they are specific to a branch of service (Rangers, SEALs, Reconnaissance, MACO and Intelligence). Grade 9s are the Field Directors; these are our members who have mastered and truly understand their Command (Tactical Operations, Intelligence Operations, or MACO Operations). Grade 8s/9s can also be assigned by the Director, SFSO as our Regional Directors (for those Regions that have such positions); they represent us to their regions and find ways to best integrate our operations to the function of their region for the betterment of STARFLEET as a whole. Grade 8s/9s can also be appointed as Special Directors; these highly trained personnel are often given special projects to pursue to better STARFLEET Special Operations as well as STARFLEET as a whole.

Grade 10s are the Senior Leadership of STARFLEET Special Operations. Grade-10 is given to those members of our Command/Senior Staff as well as those Grade 9s who have proven their dedication to both SFSO and their furthered education. Grade-10 given as part of being a member of Command/Senior Staff is a temporary condition; while that given to Grade 9s as a reward for dedication and education is permanent.

If a Grade-10 is given as form of “recognition” for promotion and then that Grade-10 is only active while the operative holds that post; if after holding a Grade-10 post the member reaches Grade 9 in their own right then they will automatically be promoted to Grade-10

Path of Advancement

Basic Training				
Tactical Operations Training		Intelligence Operations Training		MACO Operations Training
Rangers Training	SEALs Training	Recon Training	STARFLEET Intelligence Training	MACO Training
Ranger Agent	SEAL Agent	Recon Agent	STARFLEET Intelligence Agent	MACO Agent
Ranger Specialist	SEAL Specialist	Recon Specialist	STARFLEET Intelligence Specialist	MACO Specialist
Ranger Operative	SEAL Operative	Recon Operative	STARFLEET Intelligence Operative	MACO Operative
Ranger Senior Operative	SEAL Senior Operative	Recon Senior Operative	STARFLEET Intelligence Senior Operative	MACO Senior Operative
Ranger Team Leader	SEAL Team Leader	Recon Team Leader	STARFLEET Intelligence Leader	MACO Team Leader
Ranger Senior Team Leader	SEAL Senior Team Leader	Recon Senior Team Leader	STARFLEET Intelligence Senior Leader	MACO Senior Team Leader
Ranger Vice-Commander	SEAL Vice-Commander	Recon Vice-Commander	STARFLEET Intelligence Vice-Commander	MACO Vice-Commander
Ranger Commander	SEAL Commander	Recon Commander	STARFLEET Intelligence Commander	MACO Commander
Director				

Level	Grade	Overview	Description
Basic Training	1	Basic Training	Basic Training that all operatives of STARFLEET Special Operations are assumed to have regardless of Command and/or Branch Selected
	2	Command Specific Training <i>Tactical v Intelligence Operations</i>	Basic Training that all operatives of a specific command (i.e. Tactical Operations or Intelligence Operations) are assumed to have regardless of Branch Selected
	<p align="center">Operatives are to declare their branch of service upon completing Grade 2 Training <i>(i.e. Rangers, SEALs, Reconnaissance or Intelligence)</i></p> <p align="center">For MACO training, an operative has to already be assigned to a MACO unit prior to starting MACO training and MACO Command Operations needs to approve MACO Training prior to any Operative attempts to start the MACO training.</p>		
Operative Level	3	Branch Specific Training <i>Rangers, SEALs, Reconnaissance or Intelligence</i>	Once you have selected your Branch you can begin your branch specific training to be fully recognized as an operative of that branch.
	4	Specialist	Once you have completed all of your basic training you may specialize in a discipline to further enhance that training.
	5	Team Leader	A Team Leader takes a certain caliber of operative and as such they have been trained in how to lead a team to its utmost potential
Director Level	6	Branch Commander <i>Branch Leadership</i>	In order to lead a Branch one must have mastered that branch. They have completed all aspects of Branch Training as well as leadership training required of them.
	7	Field Director <i>Command Leadership</i>	To lead a command (i.e. Tactical or Intelligence) one must have mastered all disciplines in that command. This means Rangers and SEALs for Tactical Operations as well as Intelligence and Reconnaissance for Intelligence Operations.
	8	Regional Director <i>STARFLEET Special Operations Leadership</i>	To lead STARFLEET Special Operations, one must not only understand their own Branch; but all aspects of STARFLEET Special Operations. They must understand intimately both Tactical and Intelligence Operations to best command our Operatives.
	9	Special Director <i>STARFLEET Special Operations Adv. Leadership</i>	
	10	Grade-10 Director <i>Senior, Highly Trained SFSO Directors</i>	Only Command/Senior Staff of STARFLEET Special Operations as well as those operatives who have spent 5 to 10 years at Grade 9 will achieve this position. In the case of Command/Senior Staff they will only hold Grade-10 credentials as long as they hold that position.

***Welcome to the STARFLEET
Special Operations
Training Center***

STARFLEET Special Operations Training Program

Basic Training

Grade 1: STARFLEET Special Operations Basic Training

All commands (Tactical, Intelligence and Support Operations) must complete this Basic Training program to be enabled to pass onto their Command. Prior to this, all operatives of STARFLEET Special Operations will be considered "Special Operations Inductees"

Entry Requirements

No one shall be admitted to the training program unless they complete these basic requirements.

Date Completed: _____

Branch Specialized Training

Before any Operative or Trainee attempts the MACO Certification Program, they must first seek approval from the MACO Command Operations Certification Officer.

A MACO unit can only be approved if one of two situations exists. First, a previous established SFSO unit wishes to reorganize as a MACO unit, but the Team Leader needs to first qualify at the minimum of MACO Team Leader and then petition the MACO Command Operations for reorganization approval. Second, An Operative wishes to start a MACO unit and the unit is not a previous established SFSO unit. The Operative will request a unit activation as a RECON unit, let MACO Command Operations know what you are doing and request that the unit Team Leader upon completing the minimum of MACO Team Leader certification the unit will be a MACO unit.
